

Advantages

We have people in this company who have been in the industry for over 30 years. We also have people who recently came to GSE from different industries. This makes for a perfect combination of specialized experience and new ideas.

Responsibility

Our industry has an inherent responsibility to help protect the environment. But at GSE we take protection to another level, making it a part of everything we do. We know it's also our responsibility to protect our customers and their surrounding communities, so we go to the greatest lengths possible to guard the interests of those we serve.

Flexibility

GSE may stand out in the industry because of our expertise and global capabilities, but it's our determination that makes us willing and able to adapt to the needs of our customers and provide consistently reliable service.

No situation or problem is too uncommon or complicated for us. We collaborate with our customers to come up with a custom, purpose-fit solution.

A COMPLETE LINE OF SOLUTIONS GSE Custom Plastic Fabrications

GSE is a leading manufacturer and marketer of geosynthetic lining products and services. We've built a reputation of reliability through our dedication to providing consistency of product, price and protection to our global customers.

Our commitment to innovation, our focus on quality and our industry expertise allow us the flexibility to collaborate with our clients to develop a custom, purpose-fit solution.

[DURABILITY RUNS DEEP] For more information on this product and others, please visit us at GSEworld.com, call 800.435.2008 or contact your local sales office.

It's all in the application

THE BOTTOM LINE

At GSE, we're in the business of solving problems. When you come to us with a challenge, our Custom Fabrication Group will collaborate with you to build a custom-fit solution to your exact specifications.

Our personnel are highly trained in the art of custom fabrication and are dedicated to providing the highest quality products by using the latest technologies in our well-equipped 12,000 square-foot facility.

When customization, quality, fast delivery and cost are all equally important, choose GSE.

Solutions Oriented

At GSE, we don't just make products - we solve problems. When you come to us with a challenge, you won't get a roadblock, you'll get a solution. Our goal is to make your life easier. We listen, ask questions, find answers and generate results. It is our strong record of results that keeps customers coming back to GSE time after time.

Custom-fit solutions

The GSE Fabrication Department has extensive experience fabricating a variety of custom liner products.

Our highly trained personnel and state-of-the-art equipment and facilities are dedicated to providing cost-effective solutions for our customers. A sample of our product offerings include:

- [→] Cut to Fit Liners
- [→] Concrete Protection Liners
- [→] Water Storage Tanks & Bags
- [→] QuickCover Temporary & Daily Landfill Covers
